**Subject:** RE: [adfmchairs] consider putting yourself forward as a candidate ADFM

Hi Ardis, Valerie and Dave,  
Attached, please find my CV.

Here is my statement of interest:

As a new chair and a new associate Dean for Primary Care at Keck School of Medicine at the University of Southern California, I would be honored to serve as a member at large for ADFM. Prior to being appointed to Chair, I served as Vice Chair for Clinical Affairs. Prior to coming to USC 4 years ago, I was the Chief Medical Officer for the Saban Free Clinic, previously The Los Angeles Free Clinic, a federally qualified health center with integrated medical, mental health and dental services. I have also had experience with quality improvement across a consortia of community clinics and teaching leadership to Family Medicine Fellows in the Transforming Primary Care Fellowship at Harbor UCLA. My areas of interest include health disparities, street medicine, primary care transformation, and promoting joy in work.

I have benefited from ADFM and the senior leader program which allowed me access to the excellent content of 3 prior ADFM meetings when I served in a Vice Chair role. The content and the connections I made with many of you allowed me to be successful in becoming the new chair of the Department of Family Medicine at Keck School of Medicine at USC.

I'd be honored to serve as member at large and help to represent the voice of new chairs.

Thanks for all of your support and encouragement on this journey.

Regards,  
Jehni
