Ardis:

I'm writing to express my interest in running for the Member-at-Large position on the ADFM Board of Directors. Although I only have two years of experience now as a Department Chair, I have found that one of the best ways to learn how best to fulfill my responsibilities is to serve with those who have experience. After being a Program Director for a couple of years, I ran for a position on the board of directors for the AFMRD and through my years of service on that board, I have come to appreciate the challenges and rewards of being a residency program director both on a local and a national level. This year I am serving as the Treasurer of the AFMRD.

I have served on numerous hospital boards, medical staffs and within the organization of NGOs and have felt satisfaction in helping to guide those organizations to accomplish their stated missions.
